

Dear Parents and Carers,

What a busy half term we have had so far! We have already had so many events and visitors into the academy and the children have got off to a flying start. We are currently in the middle of our Outdoor Learning Week and the children are having a great time taking their work outside and exploring the environment.

In the midst of all this activity, at this point each year, we like to take stock and reflect on how well we are serving our communities and to do this we carry out a number of evaluation activities. One of these activities is our annual survey of parents and carers.

I would like to invite you to carry out the survey which can be found at the following weblink <https://goo.gl/forms/8B2WuYuRu8PRIGKv2>. This link will be open from now until the end of the half term break. After this, we will collate responses and look at what we are doing well and how we might improve further.

If you would like to complete a paper copy of the survey, these are available in the academy - please ask at the academy reception and they will provide you with them.

We greatly appreciate your feedback and hope that you will complete the annual survey to share your views.

Yours faithfully,

Matthew Vickers

Academy Principal
